

FINAL ORDER

Re: BOUNDARY CHANGE PROPOSAL NO. 1275 - Annexation of territory to the City of Vernonia

Proceedings on Proposal No. 1275 commenced upon receipt by the Boundary Commission of a petition from property owners on June 23, 1978 requesting that certain property be annexed to the city. The petition meets the requirements for initiating a proposal set forth in ORS 199.490, particularly paragraph (c) of Section (1).

Upon receipt of the petition the Boundary Commission published and posted notice of the public hearing in accordance with ORS 199.463 and conducted a public hearing on the proposal on July 26, 1978. The Commission also caused a study to be made on this proposal which considered economic, demographic and sociological trends and projections and physical development of the land.

FINDINGS

On the basis of the public hearing and the study, the Boundary Commission found that:

1. The territory to be annexed is contiguous to the city and contains 45.8 acres, 4 single family residences and is evaluated at \$81,080.
2. The applicants desire annexation to receive city services to facilitate the development of a mobile home park. Parcel B, MALMSTEN'S RIVERSIDE VIEW, consists of approximately 12 acres and is proposed as the 19-unit second phase of the Riverside Mobile Home Park. The remainder (Parcel C) is proposed to be developed in mobile homes in the future.
3. The city has not yet adopted a comprehensive plan for the area; the proposed plan shows the land within the urban service boundary. The county has no comprehensive plan or zoning in the area. City zoning will allow minimum lot sizes of 7500 sq. ft. Each lot can accommodate a duplex and by analogy 2 mobile homes. Trailer parks are subject to the city's conditional use permit approval and the city's regulations.
4. Annexation of the entire requested territory is contrary to LCDC goals:
 - a) Because the planning for the city is not complete, it is not demonstrated that the territory is needed.
 - b) The city does not have adequate sewage treatment capacity to serve Parcel C.
 - c) Parcel C is Forest land and Goal 4 applies.
5. The city has constructed a sewer line across Parcel B, proposed for the second phase of Riverside Meadows Mobile Home Park. The easement agreement provides that the city provide connections to the property. DEQ has approved sufficient connections to handle the proposed development of Parcel B.
6. The Parcel B development has received Department of Commerce approval for the mobile home park.

7. The proposed development is above the Nehalem River 100-year flood plain according to an engineering study.
8. The city's sewage treatment lagoons are almost at capacity. DEQ has authorized a total of 795 connections and will not approve additional connections until improvements are made.
9. The city has adequate water storage to serve the property. Its system can accommodate approximately 4000 people. Current population is 1700.
10. Police and fire protection will be available upon annexation. The territory is within Vernonia RFPD; it will be automatically withdrawn upon annexation.

REASONS FOR DECISION

On the basis of the findings the Commission determined that:

1. The petitioners have specific, immediate plans to develop a mobile home park on approximately 12 acres of the territory known as the Vacated Plat of MALMSTEN'S RIVERSIDE VIEW
2. The city has limited sewage treatment capacity. The mobile home park has been granted connection approval by the city.
3. The Vernonia city council supports the modified annexation of the vacated plat of MALMSTEN'S RIVERSIDE VIEW.
4. The annexation of the modified territory complies with the provisions of the LCDC Annexation Rule in that municipal services, particularly water and sewer service, are immediately available and the parcel is substantially surrounded by urban development and there is a need for additional urban land to accommodate mobile home park development.
5. The city through its conditional use process has the ability to mitigate an adverse impact regarding the access problems for Riverside Drive.

ORDER

On the basis of the findings and reasons listed above the Boundary Commission approved BOUNDARY CHANGE PROPOSAL NO. 1275 as modified on July 26, 1978.

NOW THEREFORE IT IS ORDERED THAT the territory described in Appendix "A" and depicted on the attached map, be annexed to the City of Vernonia as of 45 days from this date or at what other subsequent date that the law requires.

FINAL ORDER

Re: BOUNDARY CHANGE PROPOSAL NO. 1275 - Annexation of territory to the City of Vernonia

Proceedings on Proposal No. 1275 commenced upon receipt by the Boundary Commission of a petition from property owners on June 23, 1978 requesting that certain property be annexed to the city. The petition meets the requirements for initiating a proposal set forth in ORS 199.490, particularly paragraph (c) of Section (1).

Upon receipt of the petition the Boundary Commission published and posted notice of the public hearing in accordance with ORS 199.463 and conducted a public hearing on the proposal on July 26, 1978. The Commission also caused a study to be made on this proposal which considered economic, demographic and sociological trends and projections and physical development of the land.

FINDINGS

On the basis of the public hearing and the study, the Boundary Commission found that:

1. The territory to be annexed is contiguous to the city and contains 45.8 acres, 4 single family residences and is evaluated at \$81,080.
2. The applicants desire annexation to receive city services to facilitate the development of a mobile home park. Parcel B, MALMSTEN'S RIVERSIDE VIEW, consists of approximately 12 acres and is proposed as the 19-unit second phase of the Riverside Mobile Home Park. The remainder (Parcel C) is proposed to be developed in mobile homes in the future.
3. The city has not yet adopted a comprehensive plan for the area; the proposed plan shows the land within the urban service boundary. The county has no comprehensive plan or zoning in the area. City zoning will allow minimum lot sizes of 7500 sq. ft. Each lot can accommodate a duplex and by analogy 2 mobile homes. Trailer parks are subject to the city's conditional use permit approval and the city's regulations.
4. Annexation of the entire requested territory is contrary to LCDC goals:
 - a) Because the planning for the city is not complete, it is not demonstrated that the territory is needed.
 - b) The city does not have adequate sewage treatment capacity to serve Parcel C.
 - c) Parcel C is Forest land and Goal 4 applies.
5. The city has constructed a sewer line across Parcel B, proposed for the second phase of Riverside Meadows Mobile Home Park. The easement agreement provides that the city provide connections to the property. DEQ has approved sufficient connections to handle the proposed development of Parcel B.
6. The Parcel B development has received Department of Commerce approval for the mobile home park.

7. The proposed development is above the Nehalem River 100-year flood plain according to an engineering study.
8. The city's sewage treatment lagoons are almost at capacity. DEQ has authorized a total of 795 connections and will not approve additional connections until improvements are made.
9. The city has adequate water storage to serve the property. Its system can accommodate approximately 4000 people. Current population is 1700.
10. Police and fire protection will be available upon annexation. The territory is within Vernonia RFPD; it will be automatically withdrawn upon annexation.

REASONS FOR DECISION

On the basis of the findings the Commission determined that:

1. The petitioners have specific, immediate plans to develop a mobile home park on approximately 12 acres of the territory known as the Vacated Plat of MALMSTEN'S RIVERSIDE VIEW
2. The city has limited sewage treatment capacity. The mobile home park has been granted connection approval by the city.
3. The Vernonia city council supports the modified annexation of the vacated plat of MALMSTEN'S RIVERSIDE VIEW.
4. The annexation of the modified territory complies with the provisions of the LCDRC Annexation Rule in that municipal services, particularly water and sewer service, are immediately available and the parcel is substantially surrounded by urban development and there is a need for additional urban land to accommodate mobile home park development.
5. The city through its conditional use process has the ability to mitigate an adverse impact regarding the access problems for Riverside Drive.

ORDER

On the basis of the findings and reasons listed above the Boundary Commission approved BOUNDARY CHANGE PROPOSAL NO. 1275 as modified on July 26, 1978.

NOW THEREFORE IT IS ORDERED THAT the territory described in Appendix "A" and depicted on the attached map, be annexed to the City of Vernonia as of 45 days from this date or at what other subsequent date that the law requires.

FINAL ORDER

Re: BOUNDARY CHANGE PROPOSAL NO. 1275 - Annexation of territory to the City of Vernonia

Proceedings on Proposal No. 1275 commenced upon receipt by the Boundary Commission of a petition from property owners on June 23, 1978 requesting that certain property be annexed to the city. The petition meets the requirements for initiating a proposal set forth in ORS 199.490, particularly paragraph (c) of Section (1).

Upon receipt of the petition the Boundary Commission published and posted notice of the public hearing in accordance with ORS 199.463 and conducted a public hearing on the proposal on July 26, 1978. The Commission also caused a study to be made on this proposal which considered economic, demographic and sociological trends and projections and physical development of the land.

FINDINGS

On the basis of the public hearing and the study, the Boundary Commission found that:

1. The territory to be annexed is contiguous to the city and contains 45.8 acres, 4 single family residences and is evaluated at \$81,080.
2. The applicants desire annexation to receive city services to facilitate the development of a mobile home park. Parcel B, MALMSTEN'S RIVERSIDE VIEW, consists of approximately 12 acres and is proposed as the 19-unit second phase of the Riverside Mobile Home Park. The remainder (Parcel C) is proposed to be developed in mobile homes in the future.
3. The city has not yet adopted a comprehensive plan for the area; the proposed plan shows the land within the urban service boundary. The county has no comprehensive plan or zoning in the area. City zoning will allow minimum lot sizes of 7500 sq. ft. Each lot can accommodate a duplex and by analogy 2 mobile homes. Trailer parks are subject to the city's conditional use permit approval and the city's regulations.
4. Annexation of the entire requested territory is contrary to LCDC goals:
 - a) Because the planning for the city is not complete, it is not demonstrated that the territory is needed.
 - b) The city does not have adequate sewage treatment capacity to serve Parcel C.
 - c) Parcel C is Forest land and Goal 4 applies.
5. The city has constructed a sewer line across Parcel B, proposed for the second phase of Riverside Meadows Mobile Home Park. The easement agreement provides that the city provide connections to the property. DEQ has approved sufficient connections to handle the proposed development of Parcel B.
6. The Parcel B development has received Department of Commerce approval for the mobile home park.

Revised Legal 10-28-78
See Joe's File

7. The proposed development is above the Nehalem River 100-year flood plain according to an engineering study.
8. The city's sewage treatment lagoons are almost at capacity. DEQ has authorized a total of 795 connections and will not approve additional connections until improvements are made.
9. The city has adequate water storage to serve the property. Its system can accommodate approximately 4000 people. Current population is 1700.
10. Police and fire protection will be available upon annexation. The territory is within Vernonia RFPD; it will be automatically withdrawn upon annexation.

REASONS FOR DECISION

On the basis of the findings the Commission determined that:

1. The petitioners have specific, immediate plans to develop a mobile home park on approximately 12 acres of the territory known as the Vacated Plat of MALMSTEN'S RIVERSIDE VIEW
2. The city has limited sewage treatment capacity. The mobile home park has been granted connection approval by the city.
3. The Vernonia city council supports the modified annexation of the vacated plat of MALMSTEN'S RIVERSIDE VIEW.
4. The annexation of the modified territory complies with the provisions of the LCDC Annexation Rule in that municipal services, particularly water and sewer service, are immediately available and the parcel is substantially surrounded by urban development and there is a need for additional urban land to accommodate mobile home park development.
5. The city through its conditional use process has the ability to mitigate an adverse impact regarding the access problems for Riverside Drive.

ORDER

On the basis of the findings and reasons listed above the Boundary Commission approved BOUNDARY CHANGE PROPOSAL NO. 1275 as modified on July 26, 1978.

NOW THEREFORE IT IS ORDERED THAT the territory described in Appendix "A" and depicted on the attached map, be annexed to the City of Vernonia as of 45 days from this date or at what other subsequent date that the law requires.

PORTLAND METROPOLITAN AREA LOCAL GOVERNMENT
BOUNDARY COMMISSION

Date: July 26, 1978
