FINDINGS OF FACT AND CONCLUSIONS OF LAW  
Cave Annexation

REQUEST:

Bonnie and Alice Cave have requested that certain property be annexed into the City of St. Helens, Oregon.

PUBLIC HEARING:

Public Hearings were held on October 14, 2003 in front of the Planning Commission and November 5, 2003 in front of the City Council.

NOTICE OF PUBLIC HEARING:

Notice of the Public Hearings on this annexation request and zoning amendment was sent to property owners within 300 feet of the properties proposed for annexation on September 12, 2003 by first class mail. Notice was published in The Chronicle September 27, 2003. Notice was sent to Oregon Department of Land Conservation and Development August 4, 2003.

LOCATION:

The property is located at 35164 Alder Street. The site is also known as Columbia County Tax Assessor tax lot 1900 on map 4108022.

SITE INFORMATION:

The site is about 23,000 square feet in area and is developed.

REFERRALS: Sent to the following:

1. St Helens Police, Public Works, Parks, Building Official, Waste Water Treatment Plan Superintendent and Public Works Manager.
2. Columbia County Land Development Services, Surveyor, Planning Commission, Board of Commissioners and Roadmaster.
3. St. Helens Rural Fire District
4. St. Helens School District #502
5. Columbia County 911, Emergency Communications District.
6. Columbia River PUD
7. Portland General Electric
8. Community Public Health Department
9. NW Natural Gas

The School District stated that due to financial and facility limitations it will have difficulty in meeting the needs of additional students. No other comments received.

#### CRITERIA:

The principle criteria for annexation are:

1. Adequate public facilities are available to the area and have sufficient capacity to provide service for the proposed annexation area; and
2. Comply with Comprehensive Plan Amendment Standards and Zoning Ordinance Amendment Standards and not be in conflict with applicable comprehensive plan policies and implementing ordinances; and
3. Complies with State laws; and
4. Abutting roads must meet City standards or property owner will be required to sign and record an irrevocable consent to form a local improvement district; and
5. Property exceeding 10 acres in gross size must show a need on the part of the City for such land if it is designated residential (e.g. less than 5 years supply of like designated lands in current City Limits).

#### EVALUATION:

The principle criteria for annexation are:

1. Adequate public facilities are available to the area and have sufficient capacity to provide service for the proposed annexation area; and

Finding: Service agencies have been notified of this request. Their comments are listed above in the Referrals Section.

Finding: The current water system has excess capacity of about 100% or about twice the consumption rate as the sewer has excess capacity at the plant of over twice the use rate domestically.

Finding: Alder Street is local street with a 50 foot wide right of way and about 25 feet of pavement without sidewalks, curbs, and gutters. There are six houses already on this street which is a dead-end street. There are about sixty trips per day using this road which is designed for more than 1000 trips per day.

Finding: There is a sewer line within 200 feet.

Finding: There is a water line in front of this site.

Finding: The School District already includes this land in its district boundaries.

2. Comply with Comprehensive Plan Amendment Standards and Zoning Ordinance Amendment Standards and not be in conflict with applicable comprehensive plan policies and implementing ordinances; and

Finding: There do not appear to be any applicable comprehensive plan policies that directly relate to this request except for the zone map amendment.

Finding: The current Comprehensive Plan has been acknowledged by the State.

Finding: The only implementing ordinance that applies is the Code and this process, including the below required criteria for a zone map amendment apply to this annexation.

Finding: These properties are located in Unincorporated MultiFamily Residential (UMFR) designated area according to the Comprehensive Plan Map.

Finding: The policy of the Comprehensive Plan for UMFR designated lands is that the City of St. Helens should "Zone the UMFR lands as AR upon annexation".

Finding: The Comprehensive Plan Map will need to reflect incorporated designation of General Residential after annexation is completed.

Finding: The Code requires that each property annexed into the City must be identified as Established or Developing.

Finding: The definition for an "established area" is an area where the land is not classified as buildable under Oregon Administrative Rule 660-08.0005 which states that buildable shall be land that is residentially designated vacant. The zone designation per the Comprehensive Plan shows that this area is underdeveloped with potential of at least six lots and 13 dwelling units for this property.

3. Complies with State laws.

Finding: State law in ORS 222 requires the proposed property for annexation to be contiguous to a City Limit as defined by law.

Finding: This site is contiguous to the City Limits on the west and north.

Finding: State law in ORS 222 requires that all property owners of the proposed property to be annexed and at least half of the electors residing on the property shall be required to consent in writing.

Finding: The residents on the property are the owners.

4. Abutting roads must meet City standards or property owner will be required to sign and record an irrevocable consent to form a local improvement district; and

Finding: Alder and Firlok Blvd. do not meet the City's road standards.

5. Property exceeding 10 acres in gross size must show a need on the part of the City for such land if it is designated residential (e.g. less than 5 years supply of like designated lands in current City Limits).

Finding: This property is less than one-half acre in size.

There was no adverse testimony.

The Planning Commission reviewed the Staff Report and recommended to the City Council to annex this property and to zone it AR, Apartment Residential, to change the Comprehensive Plan Map to GR, General Residential, and to label it as "developing" in accordance with the Code with an additional condition of approval be to improve Alder Street or at least a Waiver of Remonstrance for future Local Improvement District.

#### CONCLUSIONS:

1. All services and facilities are available to the area and have sufficient capacity to provide service for the proposed annexation area; and

2. The applicable comprehensive plan policies and implementing ordinance provisions have been satisfied.

3. Complies with State laws.

4. Complies with the applicable Comprehensive Plan policies and map designation: and the zone change will not adversely affect the health, safety, and welfare of the community;

5. The City's Comprehensive Plan and ordinances have been acknowledged by the State.

6. Meets the standards applicable of any provision of this Code or other applicable implementing ordinance except the road does not meet City standards.

7. Is generally surrounded by the City and already is more like urban densities than rural densities.

8. The zone should be AR, Apartment Residential in keeping with the

Comprehensive Plan Map and policies of the Plan.

9. The new designation should be GR, General Residential on the Comprehensive Plan Map after annexation is completed.

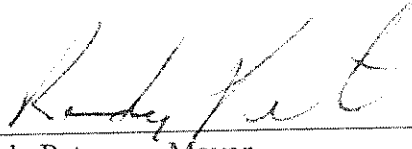

10. The land should be designated as Developing in accordance with Chapter 1.150 of the St. Helens Community Development Code and OAR 660-08.0005.

The City Council deliberated and found in favor of the applicant based upon the staff report, evidence in the record and the applicable criteria. The City Council approves annexing this property and zoning it AR, Apartment Residential, changing the Comprehensive Plan Map to GR, General Residential, and to labeling it as "developing" in accordance with the Code with an additional condition of approval be to improve Alder Street or at least a Waiver of Remonstrance for future Local Improvement District. This annexation will be referred to the voters at the next available election.
