1. All services and facilities are available to the area and have sufficient capacity to provide service for the proposed annexation area; and
2. The applicable comprehensive plan policies and implementing ordinance provisions have been satisfied.
3. Complies with State laws.

The property will need to be zoned to conform to the City's adopted Comprehensive Plan and Zoning Map. The criteria for amending the Zoning Map are:

1. The applicable Comprehensive Plan policies and map designation; and that the change will not adversely affect the health, safety, and welfare of the community;
2. Statewide planning goals adopted under Oregon Revised Statutes Chapter 197, until acknowledgment of the Comprehensive Plan and ordinances;
3. The standards applicable of any provision of this Code or other applicable implementing ordinance; and
4. Evidence of change in the neighborhood or community or a mistake or inconsistency in the Comprehensive Plan or zoning map as it relates to the property which is the subject of the development application.

EVALUATION:

The principle criteria for annexation are:

1. All services and facilities are available to the area and have sufficient capacity to provide service for the proposed annexation area; and

Finding: Service agencies have been notified of this request. Their comments are listed above in the Referrals Section.

Finding: The current water system has excess capacity of about 100% or about twice the consumption rate as the sewer has excess capacity at the plant of over twice the use rate domestically.

Finding: Gable Road is minor arterial street with a 50 foot wide right of way and about 25 feet of pavement without sidewalks, curbs, and gutters. The requirement is for a 60 foot right of way.

Finding: There is a sewer line in front of this property.

Finding: There is a water line in front of this site.

Finding: The School District already includes this land in its district boundaries.

2. The applicable comprehensive plan policies and implementing ordinance provisions have been satisfied.

Finding: There do not appear to be any applicable comprehensive plan policies that directly relate to this request except for the zone map amendment.

Finding: The only implementing ordinance that applies is the Code and this process, including the below required criteria for a zone map amendment, applies to this annexation.

3. Complies with State laws.

Finding: State law in ORS 222 requires the proposed property for annexation to be contiguous to a City Limit as defined by law.

Finding: This site is contiguous to the City Limits on the west and east sides.

Finding: State law in ORS 222 requires that all property owners of the proposed property to be annexed and at least half of the electors residing on the property shall be required to consent in writing.

Finding: The residents on this site have consented.

The criteria for amending the Zoning Map are:

1. The applicable Comprehensive Plan policies and map designation: and that the change will not adversely affect the health, safety, and welfare of the community:

Finding: This property is located in a Unincorporated Multi-Family Residential (UMFR) designated area according to the Comprehensive Plan Map.

Finding: The policy of the Comprehensive Plan for UMFR designated lands is that the City of St. Helens should "Zone the UMFR land as AR and currently the property has AR surrounding it on three sides and R-7, Moderate Residential across the street to the north.

Finding: The Comprehensive Plan Map will need to reflect incorporated designation of General Residential after annexation is completed.

Finding: This property has residential as its primary use.

2. Statewide planning goals adopted under Oregon Revised Statutes Chapter 197, until acknowledgment of the Comprehensive Plan and ordinances;

Finding: The St. Helens' Comprehensive Plan has been acknowledged by the State.

3. The standards applicable of any provision of this Code or other applicable implementing ordinance; and

Finding: The Community Development Code specifies a process as per Chapter 1.075, to wit this process is being carried out.

Finding: The Code requires that any changes to the Comprehensive Plan Map and/or Zone Map be in compliance with the current designation shown on the Comprehensive Plan Map and in the policies applicable thereof.

Finding: The Comprehensive Plan Map indicates that this site is located in a Unincorporated Multi-Family Residential area.

Finding: The Code requires that each property annexed into the City must be identified as Established or Developing.

Finding: The definition for an "established area" is an area where the land is not classified as buildable under Oregon Administrative Rule 660-08.0005 which states that buildable shall be land that is residentially designated vacant. Lands which are underdeveloped for the zone can be classified as buildable. This property has potential development of two or three lots.

4. Evidence of change in the neighborhood or community or a mistake or inconsistency in the Comprehensive Plan or zoning map as it relates to the property which is the subject of the development application.

Finding: This application is not for development.

Finding: This area of land is generally surrounded by the City on all sides.

Finding: The surrounding lots are already developed at less than the zone will allow.

The Planning Commission received the staff report into the record and there was no testimony from anyone. The commissioners deliberated and decided to recommend to the Council approval of the request for annexation.

CONCLUSIONS:

1. All services and facilities are available to the area and have sufficient capacity to provide service for the proposed annexation area; and
