PORTLAND METROPOLITAN AREA LOCAL GOVERNMENT BOUNDARY COMMISSION
527 S. W. Hall Street - Portland, Oregon 97201 - Tel: 229-7307

FINAL ORDER

RE: BOUNDARY CHANGE CASE NO. 1044 - Annexation of territory
to the City of Vernonia.

Proceedings in this case were held and presented to the Boundary Commission for its consideration. Property owners on May 17, 1978 requested that certain property be annexed to the City of Vernonia. The petition meets the requirements of the Oregon Constitution and the Oregon Revised Statutes, Chapter 228, and the Commission has found that the petition is valid.

The Commission has also found that the proposed annexation is in the best interests of the City of Vernonia and the community. The Commission has also found that the proposed annexation is in the best interests of the State of Oregon. The Commission has also found that the proposed annexation is in the best interests of the United States of America. The Commission has also found that the proposed annexation is in the best interests of the world.

On the day of the hearing, the following facts were stated by the Boundary Commission:

1. The territory to be annexed is contiguous to the City of Vernonia and contains land a residential building having a branch of the Columbia River Dist. Water Co.
2. The property is owned and the City owns the building, which is a residential building.
3. The City desires to build a new fire hall on the site and would prefer it to be in the City to better facilitate the building of and service provision to the new hall.
4. Neither Columbia County or Vernonia have land use plans covering the area and there is no county zoning for the area. Therefore, there are no planning or zoning restrictions on the proposed land use.
5. The City has a 6-inch water main and a 12-inch sewer line adjacent to the property in Hwy. 47. Other city services such as police protection and building inspection will be available immediately upon annexation.

REASONS FOR DECISION

On the basis of the findings the Commission determined that:

1. The city desires the territory to be in the city to facilitate development of a new fire hall.
2. The city can more easily handle the planning and building of the fire hall and the provision of services if the city-owned territory is inside the city.
3. The city has services immediately available including a 6-inch water main and a 12-inch sewer line in Hwy. 47 adjacent to the property.

ORDER

On the basis of the findings and reasons listed above, the Boundary Commission approved TERRITORY CHANGE PROPOSAL NO. 1044 on April 6, 1977.

AND WHEREFORE IT IS ORDERED THAT the territory described in Appendix "A" and depicted on the attached map, be annexed to the City of Vernonia as of this date.
